10 Sessions 25 Hours 1 Certificate 1 Portfolio piece

Responsible AI
Mapping the Risk

Classifying AI Systems Under the EU AI Act and Korea's AI Basic Act

4 JAN — 22 MAR 2027

Registration deadline: December 19, 2026

EPOCHA / QUALITAX / 2027

Make your research count.

FOR STUDENTS

Build your portfolio.

Investigate AI governance, turn your research into real work experience and discover where your interests could lead.

You keep ownership of what you create. By joining, you grant EPOCHA a permanent licence to use your work only for program promotion and impact.

FOR SCHOOLS

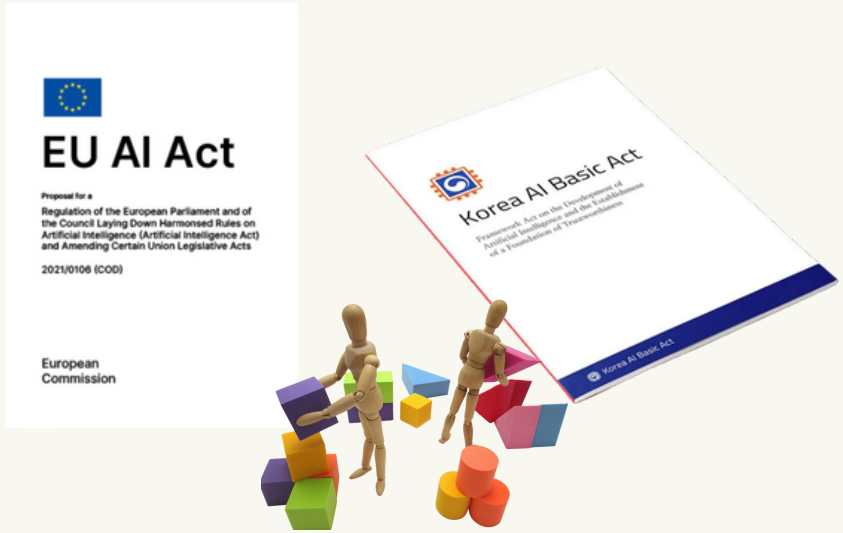

See learning in action.

Help your students build research skills, critical thinking and global citizenship with a AI governance project.

IN PARTNERSHIP WITH

QualitaX

17-18 years old
Mondays - 15:30 to 17:00 KST
online

Investigate and Classify AI systems.

Meet QualitaX experts and discuss career pathways.
Discover how this capstone puts you in the shoes of a junior policy researcher.

THE RESEARCH

Choose your industry

Medical, education, HR tech, finance, legal, film production or automotive. Find AI applications and support your findings with reliable sources.

THE COMPARISON

Apply both legal lenses

Classify each application under both laws. Explain your reasons, record your evidence and identify where the classification is uncertain.

THE PRESENTATION

Present your findings

Create a five-minute presentation with PowerPoint. Share your research with a small panel of experts and answer questions about your decisions.

Explore ideas like fairness, privacy and human oversight through real-life stories, and learn why governments are writing laws for AI.

A window into AI Governance.

DISCOVER
4 — 25 JAN

Sessions 1–4

Explore careers pathways in AI Governance. Choose an industry and define a research question.

YOU LEAVE THIS PHASE WITH

A research question and an understanding of both legal approaches.

RESEARCH
1 — 22 FEB

Sessions 5–7

Find companies and reliable facts. Classify their AI applications, then test and refine your decisions.

YOU LEAVE THIS PHASE WITH

An evidence-backed classification table with reasons and uncertainties.

PRESENT
8 — 22 MAR

Sessions 8–10

Build your slides, rehearse with feedback and present your findings to a small panel of experts.

YOU LEAVE THIS PHASE WITH

A five-minute PowerPoint presentation and a completed portfolio piece.

Build employability skills.

COACHING STRAND	PROJECT APPLICATION
AI in the workplace	**Research responsibly.** Compare the EU AI Act and Korea's AI Basic Act. Use AI to explore sources, organise findings and test your thinking, then verify every claim yourself.
EPOCH awareness	**Classify with people in mind.** Empathy, Presence, Opinion, Creativity and Hope inform how you judge an AI system's risks and its impact on real lives.
Leadership workshops	**Lead through real tasks.** Practise communication, decision-making and team responsibility as you carry a research project from question to conclusion.
Intercultural dialogues	**Collaborate across difference.** Discuss how AI impact others' lives and listen to the perspectives of those affected in their own communities.

Meet QualitaX.

INDUSTRY MENTOR

QualitaX

QualitaX helps organisations develop and/or use AI systems in a safe, responsible and auditable way so that they can be trusted by their stakeholders.

> **AI governance is fast becoming a diligence gate — in procurement, investment, insurance, and regulation. Our job is to make sure you clear it, not with paperwork that fails the first time it's checked, but with real controls that stand up to scrutiny.**

LEADERSHIP TEAM

Anaïs Ofranc
FOUNDER & MANAGING DIRECTOR

Danya Nusseir, PhD
PRINCIPAL CONSULTANT

Register through your school.

School registrations only. Students take the initiative, schools submit the application.

01

GATHER YOUR TEAM

Students: build your team of 12 from your school and make the case for participating.

02

GET SCHOOL SUPPORT

Schools: support your students by signing up their team for the enrichment program.

03

SUBMIT OFFICIALLY

Sign-up must be submitted by a designated school contact who will act as our primary liaison.

Don’t have a team yet?
Ask a parent to register you individually, and we will help you join one.

Program Fee

₩ 300,000
$ 225
