

15 Sessions · 45 Hours · 1 Certificate · 1 Portfolio piece

Film production
Staying Connected

Bridging cultures through film in the age of AI.

9 JAN — 17 APR 2027
Ages 14–18 · Saturdays · 9–12 KST

Registration deadline: December 19, 2026

Investigate the role AI plays in shaping youth social dynamics and integration.

FOR STUDENTS

Build your portfolio.

Explore a real question about AI and youth belonging by making a short film.

FOR SCHOOLS

See learning in action.

Enrich your curriculum while your students build real-world skills through an authentic project.

FOR PARENTS

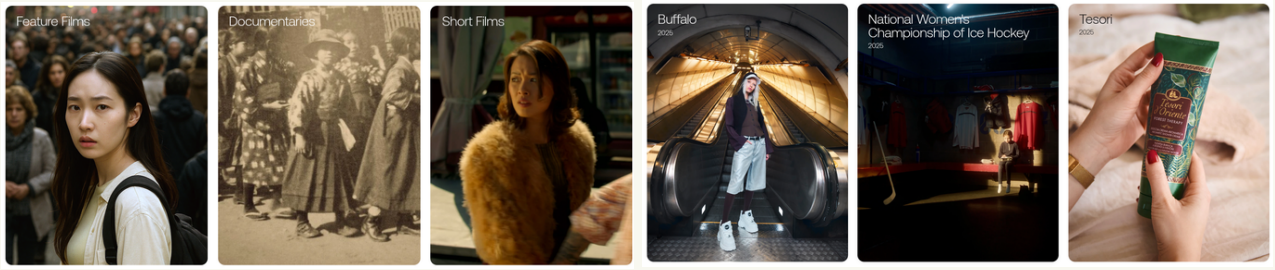

Watch your teens lead and gain the confidence to show what they can do.

You keep ownership of what you create. By joining, you grant The Seagull Films and EPOCHA a permanent licence to use your work only for program promotion and impact.

IN PARTNERSHIP WITH

THE SEAGULL

An international production company based in Czechia and South Korea, specializing in films, commercials and branded content. The company brings global production experience to cross-cultural storytelling and co-productions.

We want our viewers to step into the journeys of our characters, no matter how far their backgrounds or cultures may seem, and find compassion, understanding, and ultimately hope.

Make a short film.

Investigate whether AI supports or undermines youth social dynamics and social integration.
Film becomes your medium for research, reflection and storytelling.

THE RESEARCH

Choose one topic as a cohort. You are free to approach it from any angle, exploring human connection, peer belonging and intercultural understanding.

THE FILM

Choose your format: documentary, drama, animation, experimental or interview-based. Tell a story that puts people at the centre of technological change.

THE SHOWCASE

Create a short film of up to 5 minutes and a short teaser. Plan a showcase event, share your film and project story with a live audience.

17 April 2027 Welcome your audience. Share your story. Showcase your film.

With your team, agree on one topic.

01 Misinformation, hate speech and online polarisation

How young people encounter, share and are affected by harmful content and how it fuels exclusion, “us versus them” thinking and peer conflict.

02 Algorithmic bias, stereotyping and digital discrimination

How AI systems and tools shape young people’s sense of self and belonging, and reinforce stereotypes about who is included and who is left out.

03 Unequal access to technology, education and digital skills

How digital divides shape who can take part in youth social, educational, and civic life, particularly for young people from migrant, rural, or low-income backgrounds.

04 Representation of diverse cultures, languages and knowledge systems within AI

Whether young people from minority and under-represented communities see themselves and their heritage reflected in the technologies they use every day.

Build your production team.

RESEARCH & PLAN

Sessions 1–4

ONLINE

Every strong film starts with a strong team and a clear purpose. In these opening sessions, you'll explore how culture, identity and technology shape the stories we tell. You'll also build the leadership mindset and the creative plan your project needs.

YOU LEAVE THIS PHASE WITH

A production-ready plan and a team that knows who does what.

SHOOT & EDIT

Sessions 5–9

IN PERSON

This is where your plan becomes a film. Industry professionals will coach you on real production practices, including how to solve problems on set, collaborate under pressure and refine your work through editing, sound and finishing.

YOU LEAVE THIS PHASE WITH

A film and first-hand experience of a professional production workflow.

Showcase a film you’re proud of.

PROMOTE

ONLINE

A film needs an audience, so you’ll plan your showcase and create inclusive, responsible marketing to bring people in.

YOU LEAVE THIS PHASE WITH

A showcase plan and a promotional kit ready to share.

PITCH

ONLINE/IN PERSON

Your story has to land in seconds, so you’ll practise sumarizing your film into a clear, confident elevator pitch.

YOU LEAVE THIS PHASE WITH

A polished pitch and the confidence to present your work to any audience.

SHOWCASE

IN PERSON

This is your moment to share your film with peers, families, mentors and guests, and to talk about the ideas behind it.

YOU LEAVE THIS PHASE WITH

A film you’re proud of, event experience and a portfolio piece to show for it.

Build employability skills.

COACHING STRAND		PROJECT APPLICATION
AI in the workplace	→	**Create responsibly.** Use AI to brainstorm, research, script and refine your film, while keeping your own voice and being transparent about how AI was used.
EPOCH awareness	→	**Design with people in mind.** Empathy, Presence, Opinion, Creativity and Hope inform your story, your choices on screen and the way you portray others.
Leadership workshops	→	**Lead through real tasks.** Take on production roles such as director, producer or editor, and practise communication, decision-making and team responsibility.
Intercultural dialogues	→	**Collaborate across difference.** Explore what belonging means to young people from different backgrounds, listen to other perspectives and tell their stories respectfully.

Meet Lucie Charles.

INDUSTRY MENTOR

CEO and Founder, The Seagull Production

Lucie Charles is a film producer with degrees in Liberal Arts from the City University of New York and in Film Production from the Film Academy of Miroslav Ondříček in Písek.

PRODUCTION EXPERIENCE

Lucie has worked on productions with Netflix, Sony Entertainment, Amazon Prime and many more. Her work focuses on connecting cultures and challenging stereotypes through films and international co-productions.

Lucie will guide you as you take the lead and turn your own creative vision into a film you're proud to share.

Register through your school or parent community .

Students take the initiative, schools submit the application.

01

GATHER YOUR TEAM

Students: build your team of 12 from your school or a group of families, and make the case for participating.

Don’t have a team yet?
Ask a parent to register you individually, and we will help you join one.

02

GET SCHOOL/PARENT SUPPORT

Schools and parents: support your students by signing up their team for the enrichment program, or sign up your teen individually.

03

SUBMIT OFFICIALLY

Sign-up must be submitted by one designated contact, either a school representative or a parent, who will act as our primary liaison.

Program Fee

₩ 1,700,000
$ 1,270
